## Created by God:

Parents and Church  
Partnering to Prepare  
Preteens with a Healthy,  
Faithful Understanding of  
Human Sexuality

### February 1-4, 2018

At St. Paul's UMC  
250 E. College Ave.  
State College, PA 16801  
Participant information  
(grade level—5<sup>th</sup> – 7<sup>th</sup> grade)

- ❖ Offering a comprehensive introduction to human sexuality— anatomy, attitudes, growth and development, relationships, reproduction, responsibility, and safety— built on a foundation of faith.
- ❖ Creating an arena where young persons are free to ask any and all of their questions.
- ❖ Assisting parents and young persons with an opportunity to practice communication skills using new vocabulary, understanding, and self-confidence.

❖ Your preteen is at the ideal age for getting involved in this study. While already familiar with growth spurts, menstruation, deepening voices, and changing family dynamics, such phenomena have not yet taken complete control of preteen's lives. They are curious but not yet obligated to pretend as though they already know everything. When offered a setting where their questions and ability to understand "adult" information are treated with respect, they will ask anything.

Parents: This program will open lines of communication between you and your child, support your child's self-esteem with a full understanding of his/her body, increase his/her safety in a less-than-safe world, and underscore God's desire that we live in an intimate relationship with God and with one another. Participation in the *entire* event maximizes this experience. Anticipate (but don't bow to) resistance!
